

Haggadah Book Marks

Ages: 3-9.

**The Seder can be very long for kids (and maybe even for adults!).
Make your own bookmarks to help save your spot when you take a
quick break.**

Materials:

Matza paper
Stickers
Hole puncher
A few small beads
String or copper wiring
Markers

Directions:

Cut the papers into strips.

Have younger kids decorate their bookmark with stickers. Kids can write their names on the bookmarks.

Make a hole at the top of the bookmark. String a few beads on to some string and tie it through the bookmarks.

Optional: Laminate the bookmark with contact paper.

Variation: Add one of our wooden sticker frogs to the top of your bookmark.
