

Special: Sukkot Maze Magic

Each day of Sukkot, we pick up a lulav and etrog and shake them, along with hadasim and aravot. We love to hear the branches make their noises and sway with each movement. We shake the lulav, etrog, hadasim and aravot in six directions: front, back, left, right, up and down. Help the Etrog find the lulav in this Sukkot maze.
