

## Word Search: Behar

**This week's Torah reading introduces us to the concept of "Shmitah". While we rest on the Sabbath, the seventh day of the week, the land of Israel rests on the 7th year -- for a Sabbatical year. We are forbidden to do any work on the land. In fact, the 7th Shmitah year is heralded in with a shofar blast and the entire 50th year is a year of celebration.**
